

How to Use easybib.com to Format Your Works Cited Page

1. Go to <http://www.easybib.com/>
2. If you are citing an article, first, try to auto cite by entering the URL of the article into the box, and click **Cite It**; make sure it's in the **Website** category:

Website Book Video/film Journal Database All 59 options

Cite a website by entering its URL or by searching for it.

Cite It

Manual cite Help

NOTE: For sources that are not web articles (e.g., interviews, music or audio, etc.) click on **All 59 options** for a list of different types of sources.

3. If easybib.com provides website search results, choose the one that most likely matches your source, and click **Cite This**:

Website Book Video/film Journal Database All 59 options

2 Click Create Citation below.

- After you click **Create Citation**, easybib.com will give you a formatted works cited entry. Check to make sure it is correct by using LaunchPad resources and/or Parkland College Academic Resources: **MLA: Works Cited Lists—8th Edition**
- Then, repeat steps #3-8 until you have created a works cited list for all of your sources cited for the Works Cited Page in your essay.
- Next, export your works cited page list as a Word document by using the dropdown menu on **Export**, and clicking on **Print as Word Doc**:

Your Citations (1)

*Do not email bibliography or copy-paste because the formatting may change.

- Then, click **Download for MS Word**:

Export your bibliography to Word

We are preparing your bibliography. A popup should automatically appear in your browser allowing you to save your DOCX file. If you do not see this popup, click the link below.

* Just a note! All bibliographies are exported in alphabetical order.

- Save the Word document to a USB drive or an online storage program, like One Drive or Dropbox.
- Double-check your works cited page to make sure everything is accurately spelled and formatted; make any necessary revisions—you can do this on the Word document.
- Save again.
