Citing Websites and Other Electronic Sources

A References entry for a website article requires the following information:

- Last Name(s), First Initial(s) Middle Initial(s) of Author(s)
  - Sometimes, an author will be a government, education, or business agency rather than an individually named person.

- Year, month day of publication
  - If you cannot find a date, use “n.d.” which stands for “no date” and then provide the date you accessed the article.

- Title of article using sentence capitalization (only capitalize the first word of the title as well as any proper nouns and any word immediately following a colon).

- *Title of Website italicized*

- Retrieved from web address [no period at end]

- If you are unsure about how to find these details, [click here](#).
