# Parkland College Education Blog

**Mission:**

The website was established to provide a forum that respects and values the positives of teaching and the challenges that teachers face and work through on a daily basis. We want to provide the public an opportunity to see the realities of teaching.

**Vision:**

In our society, we often do not see or hear about the positives associated with teaching. We want to provide a perspective from the point of view of teachers and future teachers.

**Submissions may include:**

- Positive experiences you have had while teaching or working in education
- Ideas that are supportive of teaching and teachers
- Information that allows the reader to see the reality of teaching
- Effective teaching strategies or lessons to be used in the classroom

**How to submit a blog post:**

Submit information to blog masters who will then choose which submissions will be posted.
