Open access to this Course Materials is brought to you by Parkland College's institutional repository, [SPARK: Scholarship at Parkland](#). For more information, please contact [spark@parkland.edu](mailto:spark@parkland.edu).

## PARKLAND: Physics 121 (9am) - SU2015

**Instructor:** Jeremy Jang [jjang@parkland.edu](mailto:jjang@parkland.edu)  
**Office Hours:** M-126: 8am - 9am, Tue & Thu  
**Phone:** (847) 708-0897 (emergency only)  
**Course Website:** <http://cobra.parkland.edu>  
**Text:** *Physics Fundamentals*, Colletta  
Note: a calculator (scientific or graphing) will also be required

**Course Aims:** Introduce several core concepts of physics.  
Provide a methodology which applies these concepts towards solving problems.

<b>Grading:</b>	Participation: 200 pts (10 pts each)	Grade	need at least:
	Labs: 150 pts (15 pts each)	"A"	895 pts
	Exams: 390 pts (130 pts each)	"B"	795 pts
	Final Exam: 260 pts (worth 2x a regular exam)	"C"	695 pts
	<hr/> TOTAL: 1000 pts	"D"	595 pts

**Homework:** Homework problem sets will be posted on the course website. There is one set per lecture topic. Although it doesn't count for your grade, it will be useful to do...

**Participation:** One in-class problem will be presented after each lecture topic. They will be collected on the same day. They are available on the course website, so if you miss one, you can turn it in late (-2pts late penalty).

**Labs:** On-campus: Purchase a lab manual from the bookstore, and bring it on lab days. The manual has worksheets for each lab, which need to be turned in before you go. Be sure to complete the worksheet thoroughly for full credit! If you miss a lab, come see me about making it up (-2pts late penalty).  
Online: See the course website for details. Late labs are penalized (-2pts).

**Exams:** Closed book, closed notes. Calculators allowed. Equation sheet will be provided. Time limit: 1 hr 50 min. Format: 13 random homework questions, with randomized numbers. Each question has 5 parts (again, chosen randomly). You **MUST** give an explanation or show work for your answers to receive any credit!  
I will require at least one week prior notice if you wish to reschedule an exam. Otherwise, there is no guarantee (unless you have a legitimate emergency).

**Final Exam:** Cumulative, 2 hr time limit. Otherwise, same format as a regular exam.

**Calendar:** A calendar with topics, labs (marked with \*), and exams is provided below.

(Note: this assumes no unforeseen events like inclement weather, etc).

<b>Week</b>	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Online Lab Due</b>
Jun 15	Intro -	Vectors -	MotionVariables *1D-Motion	Kinematics-1D -	
Jun 22	Kinematics-2D *2D-Motion	Forces-Laws -	Forces-Types *Forces	CircularMotion -	*1D-Motion -
Jun 29	Energy-Laws *Centripetal	Review -	<b><i>Exam!!!</i></b> -		*2D-Motion *Forces-2D
Jul 06	Energy-PE -	Momentum -	Rot. Variables *Work&Energy	Rot. Kinematics -	*CircularMotion -
Jul 13	Torque-Concept *Momentum	Torque-Laws -	Review *Torque	<b><i>Exam!!!</i></b> -	*Energy *Momentum
Jul 20	Rot. Energy -	Ang. Momentum -	HarmonicMotion *SHM	Waves&Sound -	*Rotation -
Jul 27	Fluids *Resonance	Heat -	Review *Buoyancy	<b><i>Exam!!!</i></b> -	*SHM *Waves&Sound
Aug 03	HeatTransfer -	IGL&Thermo -	Review -	<b><i>Final Exam!!!</i></b> Aug 06 @9am	*Fluids -

**Makeups:**

In-class problems: These must be turned in before the day of the Final Exam.

Late assignments will be penalized (-2pts) unless you have a valid excuse.

Assignments must be turned in to me personally; any assignments dropped off in my mailbox is NOT guaranteed to be graded.

Labs: Makeups for missed labs are only possible if you schedule one with me.

A makeup lab is automatically penalized (-2pts) unless you have a valid excuse.

Exams: Makeups are only possible if you schedule one with me, in person, at least one week before the actual exam date. Even then, there are no guarantees.

Bonus: I will replace your lowest regular exam score with your equivalent

Final Exam score if (and only if) it helps your grade. This is done automatically, and does not require any action on your part.

**Attendance:**

Although attendance itself is not part of your final grade, late penalties and missed assignments will have an effect. It is your responsibility to keep up, and keep track of your grade (on the course website).

**Disabilities:**

If you believe you have a disability for which you may need an academic accommodation (e.g. an alternate testing environment, use of assistive technology or other classroom assistance), please contact:  
Cathy Robinson, Room X148, 217-353-2082, [crobinson@parkland.edu](mailto:crobinson@parkland.edu)
